

# SOUTH ON MAIN

## WOODSTOCK'S NEW URBAN VILLAGE

JULY - AUGUST 2021

### UPDATES FROM THE JW COLLECTION

We are working hard to complete the development in Unit Four and to complete building the retention pond in the southwest corner of South on Main. Both of these items are critical in terms of continued homebuilding.

As you know, we are also very focused on the development of Park Four and a rezoning to allow us to do something truly special and useful for all of South on Main. Your support in this is tremendously appreciated, and we believe we can guarantee you a Park Four that will make every home more valuable and create recreational opportunities for all. Finally, we have submitted the Club Phase (at the front of SOM) for recording. We hope to be recorded and to be underway with construction of 18 townhomes and four single-family homes plus another commercial building on Main Street by early August.

To celebrate fifty years of building better homes, the JW Collection has created commemorative ball caps, pictured to the right. As a South on Main homeowner, if you are interested in receiving a hat(s), please see our sales team at the sales center on Main Street. As always, thank you for your support and confidence in the JW Collection.
